

Accessibility Report

Visiting us

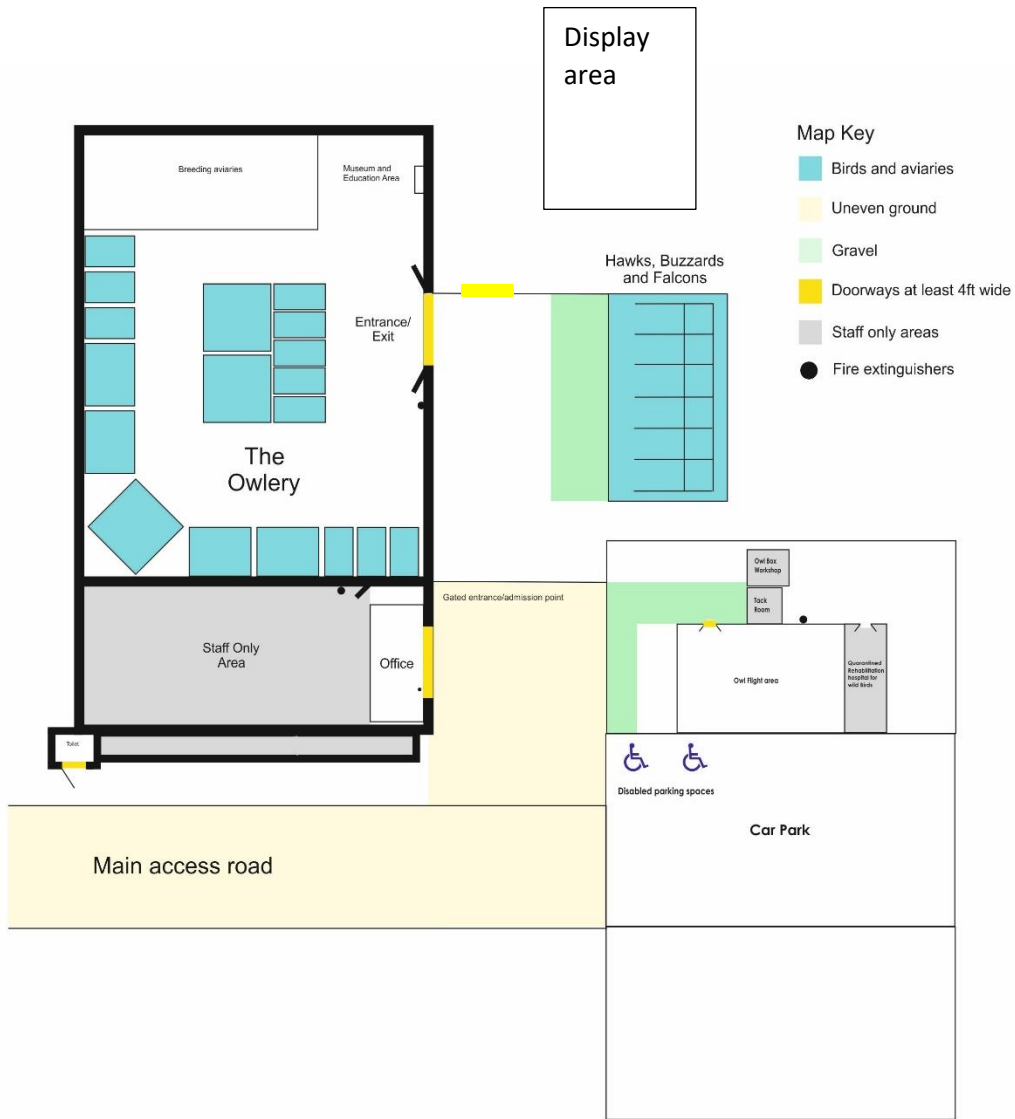

We are always trying to ensure our centre is as accessible and as visitor friendly for all users. The site is wheelchair accessible and we provide marked disabled parking spaces as close as possible to the entrance of our centre.

As our visitors, our team is here to help you as much or as little as you need. If you have any specific requirements for your visit, please do not hesitate to contact us by calling 01225 233029 or by emailing us at info@birdofpreyproject.org.

We have an M-spec completed disabled access toilet accessible via the entrance point.

Pre-booked experiences

Our Experiences are booked by appointment only. These experiences are private and guided by at least one member of our team. If you have specific needs or queries, please don't hesitate to contact us beforehand so we can ensure that the guide for your experience is fully aware and able to support you.

Owl Encounters take place in our undercover flight area, which is accessible by wheelchair. We will also provide two back-supported chairs for the duration of your experience if you require them. We have space for three wheelchairs in the current flight area, but in the Autumn of this year we will be able to accommodate 6 in our new flight area. You will still enjoy the same experience if you are seated.

Hawk Walks place outside in one of our flying fields. This may be up to a 10-minute walk away over uneven ground. Participants will have to remain standing and for Hawk Walks have use of their left (or right) arm for up to an hour during the experience.

We have accommodated a variety of group experiences over the last two years, including small groups from a local retirement home and charities supporting young people with learning difficulties. If you would like to book a group experience, please contact us.
